DIW PRESENTATION

IES JOAN RAMIS I RAMIS
Development of web applications (DAW)

INDEX

1. GENERAL ASPECTS

We should use English:

- When we communicate to each other:
  student ↔ student

  student ↔ teacher

- In all the activities, exams, oral presentations, discussions in class…

2. METHODOLOGY

For each unit we will do:

- Some theoretical or practical explanation.
- Activities related to the unit.

  You will have a penality on your grade if the submit of a task is done after the deadline.

  Maximum delay: 7 days (maximum grade: 5)

- An exam.

3. GRADE CRITERIA

Important: you have to pass every unit (grade > 4,99).

For each unit:

- Exam: 70% of the grade.

- Activities: 30% of the grade.

For each term:

- Average of all units: 95 % of the grade.

- Use of English: 5% of the grade.

You have to get a 5 in each term to pass.

3. GRADE CRITERIA

Remedial exams:

- There are not remedial exams for each unit.
- You can take a remedial exam in case you fail a term.

It is essential to have handed in all the activities in order to be able to take the remedial exam.

4. CONTENT

- **Unit 1:** Graphic user interface design principles (HTML5).
- **Unit 2:** Web accessibility.
- **Unit 3:** Web usability.
- **Unit 4:** Customizing the user interface by using CSS styles (CSS3).
- **Unit 5:** Multimedia content implementation.
- **Unit 6:** Interactive content integration (Jquery).
- **Unit 7:** VueJs.

5. WORK AND COMMUNICATION TOOLS

1. **Google Classroom**

   Instructional materials, assignments and grades.

2. **Email: ivinentmercadal@iesjoanramis.org**

   Very specific or individual questions.

3. **By appointment in person (students or families):**

   Thursdays from 18:45h to 19:40h
